in NokokoYe Village / GHANA

**Whatever styles or instruments you are playing –
Let's do it together!
meet the roots
meet the drummers
meet Africa
& enjoy!**

**We welcome musicians from all over the world,
who want to go more deep to
the african music,
the roots of our wonderful styles like Jazz, Funk, World Music.
Meet ghaneian musicians and inspire each other
with grooves & harmonies!**

Living in Europe for quite a long time as a professional musician and experienced in playing with different groups, I am planning this special event once a Year to take place in NokokoYe Village / Ghana.

If african musicians are presenting their culture in Europe, why not european musicians and groups come to show their music and culture in Ghana?!
The blending of our different cultures in music will find it's peak in a final concert.

Feel welcomed!
Enjoy this beautiful quite place, feel inspired, share music & ideas!

Like we did in the year 2013 with the result of our cd Global Seed.
